Dataset-Farmer

15 April 2024   16:35
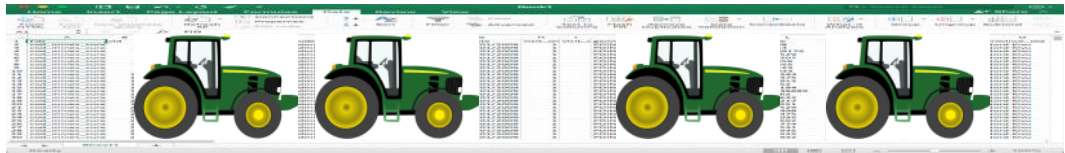

💡 **Backlog**	🟥 **Doing**	🟩 **Done**	
		• Identify the type of data to farm e.g. Transaction data, Payroll data, GP data etc • Identify Meta data fields	*Completed by Harsh Bali at 15/04/2024 17:15*
		• The data should be generate onto an Excel file • The data should be **random** • The data should have duplicates • The sample size of data should be 100 rows long • Errors are acceptable • However, all data should not be just duplicate and filled with errors	Completed by Harsh Bali at 23/04/2024 15:11
